LUOA Supply List

- **Laptop Computer:**

- Recommended Operating Systems: *Devices like Chromebooks or mobile devices (tablets, phones, etc.) that do not have the following operating systems will have limited or no support; **we do not recommend using those.***
 - Windows: 10 or 11
 - Please note ARM-based processors may not work with all applications for coursework
 - macOS 13 or newer (Ventura, Sonoma, or Sequoia)
- Recommended Hardware Specifications: General Recommendations: For students wishing to utilize personal devices for their degree programs either on-campus or online, we recommend the following hardware specifications so that you can comfortably run multiple applications for classes:
 - Processor: Intel i-Series (i3, i5, i7 10th generation or newer) or equivalent**
Ryzen 5 or Ryzen 9 processor 3000 series or newer**
 - *For Macs: 13" to 16" MacBooks (M1 processor or newer)*
 - Memory: 16 GB RAM or higher
 - *For Macs: 8GB RAM or higher*
 - Hard Drive: 256GB or higher
 - Additional information about computer requirements can be found on the LUOA informational page at:

<https://www.liberty.edu/online-academy/admissions/technology-recommendations/>

- **Headphones:** Headphones do not require a microphone.
- **Computer Mouse (& Mouse Pad)**
- **Notebook/Paper**
- **Pens/Pencils**
- **Student Planner**
- **Printer (for home):** Students may need to print materials at home. Students will have access to a printer in the classroom to use if necessary.

Additional supplies may be needed throughout the year.
